Lisa Redrup:	Cllr.Redrup@scambs.gov.uk	07855 324580

Cost-of-living information

Visit <https://www.scambs.gov.uk/cost-of-living-support/> for information on: where to turn for advice; benefits, money and debt advice; help with energy and water bills; help for parents and families; help with food and health costs; help with phone bills; help with making your home warmer; Age UK handyman service and; support if you are in distress.

Community Hubs

Community Hubs offer residents somewhere to socialise, take part in new activities and to receive information on cost-of-living support such as how to reduce bills and access financial support, as well as how to stay healthy and well.

Local Community Hubs include:

- Comberton Baptist Church, Green End, Comberton, Cambridge, CB23 7DY.
Opening times: Monday, 3pm – 5 pm
- Grantchester Communal Hall, Tabrum Close, Grantchester, Cambridge, CB3 9NW
Opening time: Friday, 10am – 12pm

A full list of Community Hubs can be found at:

<https://www.cambsacre.org.uk/projects/cambridgeshire-community-hubs-network/>

Statement of Community Involvement Formally Adopted

South Cambridgeshire District and Cambridge City Councils have formally adopted a new key planning document – which sets out how they will help residents have their say on a wide range of planning matters during the next five years. This includes planning applications and appeals, preparation of planning policies through the Local Plan and Neighbourhood Plans, National Significant Infrastructure Projects, and allocation of planning obligation funds.

A draft version of the Statement of Community Involvement (SCI) was open for public consultation from 18 October to 29 November 2023, inviting residents of Cambridge and South Cambridgeshire to share their perspectives on how they could actively participate in planning decisions. During this period, two in-person consultation events were held, providing opportunities for face-to-face discussions, while an online webinar facilitated a virtual question-and-answer session with council representatives. The feedback gathered from the public was used to shape the final SCI.

The Councils aspire, through the aims of the SCI, to:

- Ensure that engagement is managed efficiently by consulting at the earliest possible stages of the planning process, providing clear information about the proposals and by conducting early engagement with Councillors, stakeholders, community groups, applicants, and individuals in a meaningful way.
- Set clear and concise objectives of consultations in order to be transparent by keeping people informed, being clear on what the councils are asking for responses on, publishing outcomes, and setting realistic timelines for consultations and being open and clear about our decision making.
- Be proportionate and cost effective in resource and promote best practice by exploring new and evolving methods of consultation and communications including digital to engage more easily with local communities.
- Ensure consultation is inclusive, fair, equitable and supports local communities in feeling heard through consultation methods that are consistent to all, including those people without access or find it difficult using digital communication.
- Be accountable in the decision-making process, by explaining how the responses to consultations will be considered, how people will be informed of outcomes or decisions, and ensure that the planning stages are robust, justified, and consistent.

You can view the final Statement of Community Involvement document at:

Zero Carbon Communities grant scheme launches

Applications are now invited for the 6th years of the popular Zero Carbon Communities grant scheme by South Cambridgeshire District Council.

The scheme underscores the Council's commitment to being green to the core and encourages residents, community groups and parish councils to find ways to reduce carbon emissions and raise awareness to meet the climate challenge.

Projects are invited under two themes:

- Reducing carbon emissions or locking up carbon.
- Community engagement around climate change.

Grants of between £2,000 and £15,000 are available to parish councils and community groups in the District, with a total pot of £125,000 available.

Previous projects have included community building retrofits, food waste and climate-friendly cooking education, as well as e-bike rental schemes. Examples include:

- In 2023, [Cambridge Carbon Footprint](#) received £15,000 to expand their network of repair cafes in the district, diverting items from landfill and educating residents on sustainability and repair culture in a sociable setting.
- Duxford Community Centre, Landbeach Village Hall and Wysing Arts Centre each received £15,000 to install solar panels and reduce their buildings' grid electricity consumption.
- [Hope Against Poverty CIC](#), who operate a mobile foodbank, received £15,000 to replace their current diesel van with an electric vehicle

Anyone interested in applying is encouraged to attend an online application support workshop on Wednesday 24 April from 7 to 8:30pm. Sign up via [Eventbrite](#).

All applicants should consult the updated application guidance and criteria when making an application. Applications can be made via the [eform](#) on the South Cambridgeshire District Council website.

For questions or support, please email zcc@scambs.gov.uk

Allotment toolkit launch

A new 'allotment toolkit' has been created by South Cambridgeshire District Council to support the provision of good quality allotments across the district. The toolkit includes advice on areas such as governance, pest control, and community engagement, and finishes with a case study on Swavesey Allotment. It is available at:

<https://www.scambs.gov.uk/community-safety-and-health/community-action/allotment-toolkit/>

50th Anniversary of South Cambs District Council

SCDC recently celebrated its 50th anniversary. A civic ceremony was held at South Cambridgeshire Hall in Cambourne. You can find out all about what happened as well as some of the history of the district council at: <https://www.scambs.gov.uk/your-council-and-democracy/50-years-of-south-cambridgeshire-district-council/>.

Cambridge 2050

A Ministerial Statement has been released stating that a Growth Company (which will eventually become a DevCo) will be established with no elected representation on the board. Council leaders, the Mayor and an unspecified number of others will be on the Advisory Council. Local councils have expressed concerns that there will be a loss of democratic accountability.

The statement is available here: [Next Steps on Cambridge: 26 Mar 2024: Hansard Written Answers - TheyWorkForYou](#)

A recent article is available here: [A vision for 150,000 homes but no water to supply them. Does Gove's Cambridge plan stand a chance? | Features | Building](#)
